OVERVIEW

Hypercom's popular T7 family of terminals selling more than 3 million units. This latest model is designed for merchants requiring a compact countertop POS terminal accepting all magnetic stripe cards and delivering fast online transaction authorizations.

EQUIPMENT DESCRIPTION

The T7Plus features the completely new SureLoad™ printer with significantly faster receipts delivery. It allows paper rolls to simply be dropped in place without feeding through slots and rollers and supports longer paper rolls at the request of the merchant community. The T7Plus uses thermal paper and its quiet operation is welcomed by both merchants and customers. An external PIN pad can be attached where required. The T7Plus delivers a powerful feature set in an attractive, compact design and is a safe choice for merchants wanting a new credit/debit card POS terminal.

- Eliminates paper jams with revolutionary SureLoad printer
- Prints receipts in half the time of previous generation printers
- Supports longer paper rolls for fewer paper changes
- Reads driver's licenses for positive ID with triple track reader
- Operates quietly and quickly
